

Standout Cover Letters!

Course Overview:

This 70-minute course covers everything students and graduates need to know to craft a standout cover letter that will catch the eye of a recruiter or potential employer and win the interview! This course teaches learners a technique to identify and communicate their match with the job requirements, highlighting their top sellers. With this foundation in place, we take learners on a step-by-step journey to craft their own cover letter using an easy 3 paragraph approach and one of our downloadable templates. We provide ideas and examples to trigger their creativity so that they can customize their letters to specific goal jobs. There are quizzes and homework to reinforce learning providing opportunities to practice immediately. From start to finish students and graduates will learn how to write a standout cover letter for each opportunity; a skill they can apply throughout their careers!
