

# Interview to Land (Part 2): Video Interview Simulation

With video-based interviews becoming more and more popular, this simulation will help learners practice the on-camera skills needed to ace both live and asynchronous (pre-recorded) video interviews. Learners will have the opportunity to practice concepts learned during the Interview to Land course by recording responses to 4 typical and 4 behavioural based questions. This course includes video examples of real interviewees to reinforce learning along with a checklist of Video Interview Tips available for download.

## Lay the Foundation
